No. R. 5092—*L. S.* 51-38-3, *dated* 17*th April* 1939.

Under Section 236 of the Mysore Land Revenue Code, Act No. IV of 1888, the Government of His Highness the Maharaja of Mysore are pleased to authorise the extension of the provisions of Chapters VIII to X of the said Code to the Sarvamanya Village of Rangasamudra in the taluk of Pavagada.

No. R. 5096—*L. S.* 51-38-4, *dated* 17*th April* 1939.

It is notified for general information that, under Section 1 (2) of the Record of Rights No. X of 1927, Government are pleased to direct that the provisions of the said Act shall be extended to Sarvamanya Rangasamudra Village in Pavagada Taluk.

2. The Record is intended to check litigation in regard to land and to facilitate its disposal by the Courts, to reduce unnecessary expenditure by the raiyats in executing and registering documents and to protect them against fraud and fabrication of false claims. It will also be of assistance to Government as well as the raiyats in the distribution of assessment among the various hissedars, the grant of Takavi and Land Improvement Loans and the grant of suspension or remission of land revenue.

3. To facilitate the accurate preparation of the Record of Rights, the Preliminary Record will first be prepared by the Shanbhogs to the best of their information in the prescribed Form and every case will be duly investigated by a Special Revenue Inspector. There will then be a check of the Preliminary Record by the Amildar or other officer specially authorised by the Director of Land Records, Survey and Settlement or by the Deputy Commissioner in this behalf. Occupants and persons interested in the land are required to furnish every information that may be within their knowledge to the Investigating Officers in order to ensure accuracy in the preparation of this Record which will form the basis of the future Records of Rights.

4. All persons interested in land are required to render every reasonable assistance to officers of the Department of Land Records when they come to a village to survey the hissas and to conduct enquiries in cases of disputed boundary lines between lands in the field, after giving the prescribed notice.

5. The attention of the public is invited to the provisions of Section 7 of the Record of Rights Act requiring them on requisition by a Revenue Officer engaged in compiling or revising the Record of Rights to furnish or produce information and documents needed for the correct compilation or revision thereof within one month from the date of such requisition. Failure to comply with this requisition and secure registration of their rights will render occupants and holders of interests in land liable to a fine not exceeding Rs. 5 (recoverable as an arrear of land revenue) besides depriving them of the several advantages enumerated above. The officer to whom any information is furnished or before whom any document is produced in accordance with the requisition will give a written acknowledgment therefor in the Form prescribed to the person furnishing or producing the same and shall endorse on any such document, before returning it to him, a note under his signature stating the fact of its production and the date thereof.

By Order,
B. T. KESAVIENGAR,
Chief Secretary to Government.

No. P. 5569—*P. P.* 75-38-2, *dated* 18*th April* 1939.

The following notification of the Government of India is published for the information of candidates for the Indian Civil Service Examinations to be held in the United Kingdom.

By Order,
B. T. KESAVIENGAR,
Chief Secretary to Government.

HOME DEPARTMENT.

NOTIFICATION.

Establishments.

New Delhi, the 22*nd February* 1939.

No. 35/10/39.—In pursuance of Clause 4 of the Regulations for admission to the Indian Civil Service by examination in the United Kingdom, and in supersession of the notification of the Government of India in the Home Department, No. F. 266-30—Ests., dated the 21st February 1931, the Governor-General in Council is pleased to prescribe the following instructions for the issue of certificates of nationality and age to candidates for the said examination who are of Indian domicile or descent, and who are not in possession of certificates of birth or of baptismal certificates stating the date of birth, namely :—

Instructions for the issue of certificates of nationality and age to candidates for the Indian Civil Service Examination in London who are of Indian domicile or descent.

General.

I. A candidate for the Indian Civil Service examination in London who is of Indian domicile or descent and who is not in possession of a certificate of birth or of a baptismal certificate stating the date of birth, should, before leaving India, obtain a certificate of nationality and age signed, if he is resident in British India, by the Secretary to Government of the Province, or the Commissioner of the Division within which his family resides; or if he is resident in a State in India, by the highest Political Officer accredited to the State in which his family resides. If the candidate has proceeded to England without obtaining the certificate, the certificate may be granted to his father or guardian, provided that the latter produces the requisite evidence, and when making the application states when the candidate went to England, and where he has been residing during his stay in that country.

II. In order to obtain a certificate a candidate is required, if resident in British India, to prove the date and place of his birth, and his nationality before the Magistrate of the District in which his family resides, or, if resident in a State in India, before the Political Officer of the State in which his family resides.

III. A candidate who wishes to obtain a certificate must, if resident in British India, signify to the Secretary to Government of the Province, or the Commissioner of the Division in which his family resides, his desire to compete, not less than three months before the date on which he proposes to go to England. If resident within a State in India, he must signify his desire in like manner to the highest Political Officer accredited to the State within which his family resides. The Officer to whom the application is made shall forward it for the purpose of inquiry to the Magistrate of the District or Political Officer of the State in which the applicant's family resides.

IV. The Magistrate or Political Officer to whom such application has been forwarded shall call upon the candidate to appear and give evidence of the date and place of his birth and of his nationality within one month. He will carefully examine the value of the evidence given, and forward a summary of it, with certified copies of all documents tendered, and his comments and opinion to the Officer who forwarded the application to him for inquiry.

V. The documentary evidence which a candidate may be expected to produce comprises :—

(*a*) The horoscope.
(*b*) Family books.
(*c*) Tradesmen's account books showing entries relating to the birth.
(*d*) The Matriculation Certificate. If the Matriculation Certificate does not contain sufficient particulars to show that the candidate is qualified by age to enter for the examination, a certificate from the candidate's University or College showing his date of birth as recorded on entering the University or College must also be furnished.

The age of a candidate as recorded on entering his University is regarded as correct unless there is proof to the contrary. If a candidate claims that his age is other than as so recorded he must submit *with his application* the evidence on which he bases his claim. In such a case the Magistrate or Political Officer will require, among other evidence, a satisfactory explanation of the circumstances in which a wrong age was recorded at the time of entry into the University. He will also require a statement of any attempts made by the candidate to have the University record amended and of the result of such attempts.

Oral testimony of persons acquainted with the candidate's family or otherwise able to give relevant evidence will also be taken; and the candidate is required to comply, to the best of his power, with any requisition the Magistrate or Political Officer, as the case may be, may make in order to clear up any doubt as to the purport of the documentary proof.

VI. Any declaration of age made after the 21st February 1931, on the occasion of seeking admission to any University examination, educational institution, or Government office, or otherwise recorded in a formal and deliberate manner, will be taken as conclusive evidence in disproof of the subsequent assertion by the same person that he is of different age to that so declared or recorded.

VII. Where the date and place of birth have been formally registered in a register kept by any public officer in British India, an extract from the register duly certified by the proper official shall be accepted as sufficient proof of the date and place of the birth.

In the case of a candidate who is a British subject and whose father is alive.

VIII. If the Secretary to Government, Commissioner of the Division, or highest Political Officer accredited to the State, as the case may be, is satisfied by the papers submitted, he will issue a certificate in the following form setting out the nature of the evidence produced by the candidate :—

'I hereby certify that....., who is a candidate for the Indian Civil Service examination in London, has submitted the proofs of his birth detailed below * and has satisfactorily shown that he was actually born on or about the date stated, *viz.*, the..... day of .....19 , and further I hereby certify that he is a British subject and that his father is

a British subject †.
a subject of.....State in India†.'

* (Here enter details.)

In the case of a candidate who is a British subject and whose father is dead.

IX. If the Secretary to Government, Commissioner of the Division, or highest Political Officer accredited to the State, as the case may be, is satisfied by the papers submitted, he will issue a certificate in the following form, setting out the nature of the evidence produced by the candidate :—

'I hereby certify that .....who is a candidate for the Indian Civil Service examination in London, has submitted the proofs of his birth detailed below * and has satisfactorily shown that he was actually born on or about the

date stated, *viz.*, the ....day of.....19 , and further, I hereby certify that he is a British subject and that his father was at the time of his death

a British subject†.
a subject of.....State in India†.
a person in the permanent service of the Crown†.
a person who had retired from the permanent service of the Crown†.'

X. If the Secretary to Government, Commissioner of the Division, or highest Political Officer accredited to the State, as the case may be, finds reason to believe that the evidence brought forward is not such as to justify the grant of a certificate in the form set out in paragraph VIII or paragraph IX above, the certificate will be refused.

In the case of a candidate who is a Ruler or a subject of an Indian State.

XI. If the Secretary to Government, Commissioner of the Division, or highest Political Officer accredited to the State, as the case may be, is satisfied by the papers submitted that the candidate has stated the date and place of his birth and nationality correctly, he will—

(1) forward the papers with his observations, including any as to the nationality of the candidate's father and mother, to the Government of India or to His Excellency the Crown Representative, as the case may be, who will address the Secretary of State with a view to the necessary declaration of eligibility being issued under sub-section (3) of Section 262 of the Government of India Act, 1935, and

(2) issue to the candidate a certificate in the following form setting out the nature of the evidence produced by the candidate :—

'I hereby certify that..... .....who is a candidate for the Indian Civil Service examination in London, has submitted the proofs of his birth detailed below* and has satisfactorily shown that he was actually born on or about the date stated, *viz.*, the.....day of..... .....19 , and further I hereby certify that he is $\frac{\text{the Ruler†}}{\text{a subject†}}$ of the..... State in India.'

*(Here enter details).

F. H. PUCKLE,
Secretary to the Government of India.

Note.—The relevant clauses of the Regulations mentioned in this Notification are :—

"2. A candidate must be a male and either—

(*a*) a British subject of European descent, or of Indian domicile or descent, whose father (if alive) is a British subject or a subject of a State in India, or (if dead) was at the time of his death either a British subject or a subject of an Indian State or a person in the permanent service of the Crown or a person who had retired from that service ; or

(*b*) a ruler or a subject of an Indian State in respect of whom a declaration has been made under sub-section (3) of Section 262 of the Government of India Act, 1935 :

Provided that in the case of a male British subject the requirements of this rule may be waived by the Secretary of State if he is satisfied that their observance would occasion exceptional hardship, and the candidate is so closely connected by ancestry or upbringing with His Majesty's Dominions as to justify special treatment.

3. A candidate must have attained the age of twenty-one and must not have attained the age of twenty-four, on the first day of August of the year in which the examination is held.

4. Candidates must be prepared to produce evidence to satisfy the Civil Service Commissioners that their nationality and age conform to the requirements of Clauses 2 and 3 above. A candidate who is of Indian domicile or descent, and who is not in possession of a certificate of birth or of a baptismal certificate stating the date of birth, must submit a certificate of nationality and age issued in accordance with such instructions as the Governor-General in Council may, from time to time, prescribe†, and signed, should he be resident in British India, by a Secretary to Government of the Province, or the Commissioner of the Division within which his family resides, or, should he reside in an Indian State, by the highest Political Officer accredited to the State in which his family resides.

† Strike out as required.

No. P. 5732—*P. P.* 76-38-3, *dated 2nd May* 1939.

Memo.

The following notice is published for the information of candidates intending to apply for recruitment to the Ministerial Service (Clerks' Grade) of the Government of India.

By Order,
B. T. KESAVIENGAR,
Chief Secretary to Government.

FEDERAL PUBLIC SERVICE COMMISSION (INDIA).

NOTICE.

Delhi, the 13th March 1939.

The Federal Public Service Commission will hold a joint competitive examination on Thursday the 7th December 1939, to fill vacancies which are expected to occur for appointments as clerks in the Ministerial Establishment of the Government of India Secretariat and Attached Offices and as Civilian Clerks in the Lower Division of the Army and Air Force Headquarters Section of the Indian Army Corps of Clerks during the period from the 1st April 1940 to the 31st March 1941, barring a few vacancies that may have to be filled otherwise.

2. The number of vacancies which will occur during this period is not known at present. It may, however, be necessary to fill a few vacancies occurring during this period from the list of the examination held in 1938. The number of vacancies that may be so filled is also not known at present. All vacancies will be filled in accordance with the instructions in the Home Department Resolution No. F. 14/17—B.-33—Ests., dated the 4th July 1934.

It is expected that besides other vacancies there will be about twenty vacancies to be filled by lady candidates.

Note (i).—It has been decided by the Government of India that the employment of lady clerks in offices of Army Headquarters will be restricted to un-married ladies and widows who will be required to resign their respective appointments on marriage or re-marriage as the case may be.

Note (ii).—Appointment to vacancies in the Army and Air Force Headquarters Offices reserved for ladies will be made from among lady candidates who are willing to accept employment there (*vide* item 18 of the Application form) and are eligible therefor. In other cases lady candidates will be offered posts in the manner laid down in paragraph 3 (a) and (b).

3. Subject to the provisions of paragraph 12—

(a) Candidates will be placed in the order of their merit in the examination and will be offered posts as vacancies occur.

(b) Posts reserved for candidates of a particular Community will be offered to candidates of that community in order of merit.

(c) Candidates will, on first appointment to a permanent vacancy or a vacancy expected to become permanent, be placed on probation normally for one year and will, during this period, draw salary at the minimum of the time-scale:

Provided that candidates holding substantive posts under Government at the time of such appointment will draw their substantive pay, if at any time during the period of probation, it exceeds the minimum of the time-scale.

(d) It is not open to successful candidates to choose between different kinds of offices except when they prefer a Civil to an Army and Air Force Headquarters Office. Candidates are required to state in their application forms whether they are willing to accept employment in Army and Air Force Headquarters or not, and those who answer this question in the affirmative and subsequently decline an appointment in Army and Air Force Headquarters will be relegated to the bottom of the list of candidates considered suitable for employment. They will subsequently be considered for vacancies in Civil Offices only, provided they are eligible for appointment to such offices, otherwise they will be re-considered for employment in Army and Air Force Headquarters only.

(e) Candidates selected for appointment will, within one month of joining their posts have to submit to a test in typewriting to be conducted by the Commission. At this test, candidates will have to prove that they can type with accuracy and neatness at a speed of at least 30 words a minute and that they can type with accuracy from manuscript. Those who fail will, forthwith, forfeit their appointments. Lady candidates will have to pass the prescribed test in typewriting before they join any appointment that may be offered to them.

Note.—Candidates are not required to submit certificates of proficiency in typewriting. The fact that a candidate has submitted such a certificate in connection with a previous examination and that it has been accepted by the Commission will not exempt him from having

to appear, if successful at the written examination, at the typewriting test to be conducted by the Commission.

(f) Successful candidates will be medically examined before confirmation in Government service to ensure that they have no disease, constitutional weakness or bodily infirmity which is considered a disqualification for employment in the Ministerial Service. The lines on which the medical examination will be conducted are the concern of the medical authorities conducting the examination and the Commission cannot give any information in the matter.

CONDITIONS APPLICABLE TO THE EXAMINATION.

(Except where otherwise provided for, these and the foregoing conditions apply to both the services.)

4. Applications to appear at the examination must be made on the prescribed form and must reach the Federal Public Service Commission together with *all* the necessary documents not later than the 8th May 1939. Application forms may be obtained from the Secretary, Federal Public Service Commission, Metcalfe House, Delhi. All communications should be addressed to the Secretary by designation and *not by name.*

THE FACT THAT AN APPLICATION FORM HAS BEEN SUPPLIED ON WHATEVER DATE, WILL NOT BE ACCEPTED AS AN EXCUSE FOR THE LATE SUBMISSION OF AN APPLICATION. CANDIDATES WHO DELAY THEIR REQUESTS FOR FORMS UNTIL A LATE DATE WILL DO SO AT THEIR OWN RISK.

5. The fee for the examination will be Rs. 15 to be paid on application, in accordance with paragraph 5 (a) of the Instructions regarding the filling up and submission of applications sent herewith. NO CLAIM FOR A REFUND OF THIS FEE WILL BE ENTERTAINED NOR WILL THE FEE BE HELD IN RESERVE FOR A SUBSEQUENT EXAMINATION.

6. The examination will be held at the following centres :—

Allahabad, Bombay, Calcutta, Delhi, Lahore and Madras.

7. The Federal Public Service Commission may, if they think it desirable, fix a minimum standard to be attained in all or any of the subjects of the examination.

8. A candidate must be :—

(a) a British subject domiciled in India whose father (if alive) is a British subject or a subject of a State in India or (if dead was at the time of his death either a British subject or a subject of a State in India or a person in the permanent service of the Crown or a person who had retired from that service ; or

(b) a Ruler or a subject of a State in India :

Provided that in the case of a British subject, the requirements of this rule (other than that concerning domicile) may be waived by Government if satisfied that their observance would occasion exceptional hardship and that the candidate is so closely connected by ancestry or upbringing with His Majesty's dominions as to justify special treatment.

Provided also that a Ruler or a subject of a State in India cannot be appointed unless he has obtained a declaration under Section 262 of the Government of India Act, 1935, irrespective of whether he has obtained a declaration under Section 96-A of the Government of India Act, 1919, or not.

9. (a) Candidates who were born not before the 1st July 1918 or not later than the 1st July 1922 may compete for vacancies in the Secretariat and Attached Offices as well as in the Army and Air Force Headquarters.

(b) Candidates who were born earlier than the 1st July 1918, but not earlier than the 1st July 1915, may compete for vacancies in the Lower Division of the Army and Air Force Headquarters Section of the Indian Army Corps of clerks. Such candidates will not be considered for appointment to Civil offices.

(c) Lady candidates who were born not earlier than the 1st July 1911 and not later than the 1st July 1923 will be eligible for admission to the examination, but they will be considered for appointment only to Army Headquarters Offices unless they also satisfy the age limits prescribed in paragraph 9 (a) above.

No candidate will be admitted to the examination unless he satisfies the age limits prescribed above. These age limits cannot be relaxed.

10. Candidates must not have appeared at two previous examinations, whether competitive or qualifying, conducted by the Public Service Commission (now Federal Public Service Commission) since 1930 for Typists and Routine Clerks in the Ministerial Establishment of the Government of India.

Note.—A candidate is not considered to have "appeared at" an examination unless he has actually sat for the examination or part of it.

11. Candidates must pave passed :—

(1) the Matriculation Examination of a University incorporated by an Act of the Central or a Provincial Legislature in India, or the Mysore, or the Osmania or the Rangoon University; or

(2) an examination accepted by any such University as equivalent to a Matriculation Examination for the purpose of admission to a University course; or

(3) the Cambridge School Certificate Examination, or any other examination which may be recognised by the Federal Public Service Commission as equivalent thereto.

Note.—Any person who has appeared at an examination the passing of which render him eligible to appear at the Ministerial Service (Clerks' Grade) Examination, but has not been informed of the result, may apply for admission to the latter examination. A candidate who intends to appear at such a qualifying examination may also apply, provided the qualifying examination is to be concluded before the commencement of the Ministerial Services examination. His application will be accepted provisionally if he is eligible in all other respects and he will be required to furnish not later than the date on which the results of the Ministerial Service examination are ready for communication to the Government of India proof of having passed such qualifying examination. Failure to furnish such proof will render the candidate ineligible for appointment.

12. Candidates must furnish to the Federal Public Service Commission such evidence as may be required to show that they are of good character and *prima facie* suitable for admission to the examination. The decision of the Commission as to the eligibility or otherwise of a candidate for admission to the examination shall be final. Success in the examination confers no right to an appointment unless the appointing authority is satisfied, after such further enquiry as may be considered necessary, that the candidate is suitable in all respects for the Ministerial Service.

13. (a) Candidates who are already in Government service may compete at the examination, provided that they fulfil all the conditions mentioned in this section, but no person who has been nominated to a permanent vacancy or a vacancy expected to become permanent on the results of a previous examination for recruitment to the Typist and Routine Grade will be eligible for admission. No concession in the matter of either age or educational qualifications is admissible to any candidate. Applications from candidates in Government service, whether employed in a permanent or temporary capacity, must be submitted through the Head of the Department or office concerned.

(b) Candidates nominated to permanent vacancies, or vacancies expected to become permanent, on the results of the 1938 examination for the Typist and Routine Grade subsequent to their admission to the 1939 examination, will not be renominated on the results of the latter.

24. The subjects of examination, the time allowed for, and the maximum marks allotted to, each subject will be as follows :—

(a) Arithmetic.—Time one hour, Marks 100.

The questions will be designed to test intelligence, accuracy and rapidity in working.

(b) General Knowledge.—Time one hour, Marks 100.

Candidates will be required to give brief answers to questions concerning current events, common phenomena and matters of everyday interest or common knowledge.

(c) English Composition.—Time 2 hours, Marks 300.

Candidates will be tested in the following :—

(i) Drafting.

(ii) Precis Writing.

(iii) Correcting mistakes in English.

(iv) Proof correcting.

(v) Elementary tabulation to test candidates in the art of compiling, arranging and presenting data in a tabular form.

15. If a candidate's handwriting is not easily legible, a deduction will be made on this account from the total marks otherwise accruing to him.

Under Section 6 of the Land Acquisition Act of 1894, as amended by the Land Acquisition Amendment Act No. 1 of 1927, the Government of His Highness the Maharaja of Mysore declares that the lands undermentioned measuring a little more or less, 13 acres and 30 guntas, are needed for a public purpose, *viz*, for the Restoration of the Uyyamballi Minor Tank Reg. No. 54, and under Sections 4 and 7 of the same Act, the Assistant Commissioner in charge of Closepet Sub-Division, is appointed to perform the functions of the Deputy Commissioner under the Act, and directed to take orders for the acquisition of the said lands. Under sub-section (1) of Section 17 of the Act, the Government further directs that the possession of the said lands may be taken on the expiry of 15 days from the date of publication of the notice mentioned in Section 9(1) of the Act. A plan of

the lands is kept in the Office of the Sub-Division Officer, Closepet, and may be inspected at any time during office hours.

If he wishes to be admitted as a candidate for more than one service he need send in only one application. He will be required to pay the fees mentioned in the Rules once only and will not be required to pay separate fees for each service for which he applies. If he proves successful as a candidate for more than one service, due consideration will be given to the preferences expressed by him at the time of his application, but the Government of India reserve power to assign him to any service for which he is a candidate, if in their opinion the exigencies of the public service render this desirable.

3. A candidate seeking admission to the examination must apply to the Federal Public Service Commission, Delhi, on the prescribed form of application which must reach the Commission on or before the 1st July 1939, accompanied by the necessary documents. No application received after that date will be considered.

4. Copies of the Rules and Regulations, application form, etc., should be obtained from the Secretary, Federal Public Service Commission, Delhi.

5. No allegation that an application form or a letter respecting such form has been lost or delayed in the post will be considered, unless a person making such allegation produces a Post Office Certificate of posting. Candidates who delay their applications, or their requests for forms until a late date will do so at their own risk.

6. (*a*) Candidates for the Indian Audit and Accounts and allied Services, Imperial Customs Service and the Postal Superintendents (Class II) Service Examinations must have been born not earlier than the 2nd August 1914 and not later than the 1st August 1917, provided that candidates to whom the proviso to Rule 11 of the Rules prescribed for these services applies will be admitted if they were born not earlier than the 2nd August 1911.

(*b*) Candidates for the Transportation (Traffic) and Commercial Departments Examination must have been born not earlier than the 2nd August 1914 and not later than the 1st August 1918.

Note.—The age limits prescribed cannot be relaxed.

7. Candidates should state the name of the examination for which they have applied in all correspondence with the Federal Public Service Commission.

8. The number of vacancies likely to be filled on the results of this combined competitive examination is as follows:—

Service	By open competition	Muslims	Other Minor Communities
(a) Indian Audit and Accounts Service.	2	...	...
(b) Imperial Customs Service ...	...	1	...
(c) Military Accounts Department ...	4	1	...
(d) Indian Railway Accounts Service	1	1	...
(e) Postal Superintendents (Class II) Service.	3	2	...
(f) Transportation (Traffic) and Commercial Departments of the Superior Revenue Establishment of State Railways.	1	1	...

These vacancies (the precise number of vacancies is not known at this stage) will be filled in strict order of merit from the lists prepared by the Federal Public Service Commission, subject to the provisions of the Government of India, Home Department Resolution No. F. 14—17-B-33—Ests., dated the 4th July 1934, and the supplementary instructions connected therewith, provided that the Government of India are satisfied that the candidates to be appointed are in all respects suitable for employment in those Services.

Simla,
The 2nd May 1939.

Circular No. D. 10015—*Geol.* 67-38, *dated* 16—24*th May* 1939.

Rules under the Mysore Explosives and Petroleum Acts.

Accidents by explosives.—Government are constrained to observe that owing to the non-observance of the rules and proper precautions prescribed under the Mysore Explosives Rules fatal and serious accidents continue to occur in the manufacture of gunpowder and fireworks. Government consider that the District authorities can prevent the occurrence of such accidents by insisting on the licensees manufacturing explosives in the specified places and observing the safety distances and the quantity limits prescribed in their licenses *vide* conditions 4, 12 and 13 of License Form A, Mysore Explosives Rules, which are quoted below :—

License Form A.

Condition 4.—(1) The explosive shall be manufactured in a tent or lightly constructed building exclusively appropriated for the purpose and separated from any dwelling house, highway, street, public thoroughfare or public place by the distance.

(*a*) in the case of gunpowder or smallarm nitro-compound, of one hundred yards or
(*b*) in the case of an explosive of the 1st Division of the 6th (Ammunition) Class, or of the 7th Firework) Class, of 50 yards.

Condition 12.—(1) The explosives possessed by the licensee shall be kept in one or other or both of the following modes :—

Mode A, that is to say, in a building or excavation, which is detached from any dwelling house and is separated by the distances prescribed in condition No. 4 from any highway, street, public thoroughfare or public place, and is made and closed so as to prevent unauthorised persons from having access thereto and to secure it from danger from without, and is exclusively appropriated to keeping explosives; and

(*a*) such a building must be substantially constructed of brick, stone or concrete or must be a securely constructed fire proof safe; and
(*b*) such an excavation must be formed in solid rock, or earth, or in mine refuse not liable to ignition and must not open into, from or out of any mine, quarry, tunnel or underground place which is in use for the carrying on of any work or for the employment of any person.

Mode B, that is to say, in a substantial receptacle (whether or not a fireproof safe) which is closed and secured so as to prevent unathorised persons from having access thereto, and is exclusively appropriated to the keeping of explosives, and is placed inside a dwelling house, or inside a building which is not itself qualified for the keeping of explosives in Mode A :

(2) A fireproof safe shall not be used for the keeping of any explosive other than gunpowder or small-arm-nitro-compound and cartridges of the 2nd Division of the 6th (Ammunition) Class (not containing their own means of ignition) and made with gunpowder or small-arm-nitro-compound, such as cartridges or charges for cannon or blasting purposes.

Condition 13.—The maximum quantity of explosives allowed to be kept at the same time shall be the following :—

(1) if the only explosive kept be one or more of the following, namely :—

(*a*) gunpowder ;
(*b*) small-arm nitro-compound ; or
(*c*) ammunition of the 1st Division of the 6th class, the maximum shall be—

	In Mode A	In Mode B
	lbs.	lbs.
Gunpowder and small-arm-nitro-compound in all	Two hundred	Fifty
and in addition, of explosives contained in ammunition of the 1st Division of the 6th Class.	Any quantity	Any quantity

(2) If the only explosive kept be manufactured fireworks, the maximum shall be

Manufactured fireworks	Two hundred	Fifty

(3) in any other case the maximum shall be—

	In Mode A	In Mode B
	lbs.	lbs.
Mixed explosives, including gunpowder, small-arm-nitro-compound and manufactured fireworks, etc., in all	Sixty	Fifteen
and in addition, of explosives contained in ammunition of the 1st Division of the 6th Class.	Any quantity	Any quantity

Provided that in each of the three cases above mentioned the aggregate quantity kept on the premises in Mode A and Mode B together may not in any case exceed the maximum quantity which may be kept in Mode A.

It is evident that little attention is paid to these points and the manufacture, possession and storage of quantities of fireworks grossly in excess of that which may legally be possessed is resorted to by some licensees. Even under temporary permits granted under Rule 59, Mysore Explosives Rules, for the storage of larger quantities of explosives than are allowed by the licensees, the explosives should be stored in accordance with the conditions above quoted.

A large number of accidents by fireworks are attributable to unsafe and unduly sensitive mixtures composing fireworks. While grinding together the ingredients of the firework composition, an explosion occurred and all of them sustained very serious injuries to which they succumbed the next day. In spite of the attention drawn by Government to the highly dangerous character of a mixture, of potassium chlorate and arsenic sulphide, this mixture, the manufacture, possession or importation of which is prohibited by Government—*vide* Government Notification No. D. 2814 Geol. 66-28-25, dated 9th September 1930—is widely used by fireworks manufacturers and the lay public alike. It should be made known to all that the use of potassium, sodium and barium chlorates in the manufacture of fireworks is strictly prohibited. The licensing and the inspecting officers should exercise vigilant supervision and take stringent action against delinquents to prevent loss of life and limb from this cause.

Filling petrol from Kerbside Pump Outfits into tins and drums.—The common practice of filling petrol from kerbside pump outfits into tins and drums on the road-side is highly dangerous and constitutes a breach of condition 1 of License Form Q, Mysore Petroleum Rules. Licenses in Form Q issued for the storage of dangerous petroleum in underground tanks for fuelling motor conveyances, place very few restrictions on the location and use of the pumps but this freedom could only be justified if the conditions governing the operation of the pumps as embodied in the licensees are strictly adhered to. The conversion of the public road into a filling shed by permitting the filling of drums and tins and other receptacles at a kerbside pump should be stopped. Under the Rules, filling of petrol cans is permitted only when the can is clamped to a motor vehicle. For the convenience of motorists, holders of pump licenses may keep up to 20 sealed petrol cans in their Bunks by taking out a separate license therefor in Form C of the Mysore Petroleum Rules.

The refuelling of buses containing passengers is strictly prohibited and while petrol is being filled, all the passengers must be made to get out of the bus. To avoid this inconvenience to passengers, the buses should be refuelled either at the beginning or at the end of their run.

All officers entrusted with the administration of the Explosives and Petroleum Rules are requested to take immediate steps to put a stop to the dangerous and unlawful practices referred to above and to get the offenders punished according to law.

LOCAL SELF-GOVERNMENT SECRETARIAT

No. L. 9551—V. P. 16-38-107, dated 27th May 1939.

Under Section 48 (1) of the Mysore Land Acquisition Act of 1894, as amended from time to time, the Government of His Highness the Maharaja of Mysore are pleased to withdraw from the acquisition of site bearing Khate No. 284—299 of Nalkunda Village, Davangere Taluk, sanctioned for a Honda in Government Order No. L. 10265-6—V. P. 16-37-95, dated 24th June 1938 and published on page 526 of Section I of Part III of the *Mysore Gazette*, dated 30th June 1938 as the land is not now required for the said purpose.

No. L. 9499—Ml. 781-38-13, dated 27th May 1939.

Whereas by a proclamation dated the 20th January 1939, published in the *Mysore Gazette*, dated 26th January 1939, in English and Kannada and posted up in conspicuous places in the local areas concerned, it was duly announced under section 7 (1) of the City Municipalities Act, 1933, that it was proposed to alter the limits of the Bangalore City Municipality as described in the said proclamation; and whereas the objections preferred are considered to be not tenable, the Government of His Highness the Maharaja, in exercise of the powers vested in them by section 4 (1) of the said Act, are pleased to alter the limits of the Bangalore City Municipality and to declare that the boundary of the said Municipality shall be as described hereunder :—

The proposed boundary line for including Jodi Kempapur Agrahar within the Municipal limits, reaches C. B. Stone No. 15 at the south-east corner of Survey No. 63 of Kempapur Agrahar village. Then it takes the northerly direction of Survey No. 68 till it reaches the proposed C. B. stone No. 15—1 at the north-east corner of the said survey number. Thence it takes the westerly direction running along the northern boundaries of Survey Nos. 68 and 69 and reaches the C. B. stone No. 16 at the north-west corner of the Survey No. 69. Then it takes the northerly direction and follows the western boundary of Survey No. 66 till it reaches the C. B. Stone No. 16—1 at the south-east corner of Survey No. 65. Then it turns westward and passes along the southern boundary of Survey No. 65 until it meets the C. B. Stone No. 17 at the south-west corner of the Survey No. 65. Thence it turns northward and passes along the eastern boundary of Survey No. 64 and part of Survey No. 63 until it reaches the C. B. Stone No. 18 at the junction of water course and south-west corner of Survey No. 61. Then it runs in the same direction following the eastern boundary of Survey Nos. 62 and 54 and meets C. B. Stone No. 19 at the junction of water course and south-west corner of Survey No. 307. Then crossing the water course, continuing the same direction, it runs along the eastern boundary of Survey Nos. 53 and 52 till it reaches the C. B. Stone No. 19—1 at the south-west corner of Survey No. 38. Then running along the eastern side of the channel towards north passing through the western boundary of Survey Nos. 38, 37, 36, 32, 31 and 284, it reaches the C. B. Stone No. 19—2 at the north-west corner of Survey No. 278 near the culvert in Magadi Road.

By Order,
P. H. KRISHNA RAO,
Secretary to Government,
Local Self-Government Department.

NOTIFICATIONS BY GOVERNMENT

CHIEF SECRETARIAT

No. R. 5967—*L. S.* 56-38-3, *dated* 30*th May*—3*rd June* 1939.

It is notified for general information that under Section 1 (2) of the Record of Rights Act No. X of 1927, Government are pleased to direct that the provisions of the said Act shall be extended to all Government Villages and settled Imam Villages of Madhugiri Taluk, Tumkur District, Srinivaspur Taluk, Kolar District and Krishnarajanagar Taluk, Mysore District, with effect from 1st July 1939.

2. The Record is intended to check litigation in regard to land and to facilitate its disposal by the Courts, to reduce unnecessary expenditure by the raiyats in executing and registering documents and to to protect them against fraud and fabrication of false claims It will also be of assistance to Government as well as the raiyats in the distribution of assessment among the various hissedars, the grant of Takavi and Land Improvement Loans and the grant of suspension or remission of land revenue.

3. To facilitate the accurate preparation of the Record of Rights, the Preliminary Record will first be prepared by the Shanbhogs to the best of their information in the prescribed form and every case will be duly investigated by a Special Revenue Inspector. There will then be a check of Preliminary Record by the Amildar or other officer specially authorised by the Director of Land Records, Survey and Settlement or by the Deputy Commissioner in this behalf. Occupants and persons interested in the land are required to furnish every information that may be within their knowledge to the Investigating Officers in order to ensure accuracy in the preparation of this Record which will form the basis of the future Record of Rights.

4. All persons interested in land are required to render every reasonable assistance to officers of the Department of Land Records when they come to a village to measure the hissas and to conduct enquiries in cases of disputed boundary lines between hissas in the field, after giving the prescribed notice.

5. The attention of the public is invited to the provisions of Section 7 of the Record of Rights Act requiring them on requisition by a Revenue Officer engaged in compiling or revising the Record of Rights to furnish or produce information and documents needed for the correct compilation or revision thereof within one month from the date of such requisition. Failure to comply with this requisition and secure registration of their rights will render occupants and holders of interests in land liable to a fine not exceeding Rs. 5 (recoverable as an arrear of land revenue) besides depriving them of the several advantages enumerated above. The officer to whom any information is furnished or before whom any document is produced in accordance with the requisition will give a written acknowledgment therefor in the form prescribed, to the person furnishing or producing the same and shall endorse on any such document, before returning it to him, a note under his signature stating the fact of its production and the date thereof.

GENERAL SECRETARIAT

*No. R*l. 696—*L. C.* 16-38-1, *dated 9th June* 1939.

Under Section 4 (3) of the Mysore Legislative Council Act, XIX of 1923, the Government of His Highness the Maharaja are pleased to nominate Sir Harold N. Colam, Secretary to Government, Electrical Department, as an official member of the Legislative Council, in place of Mr. S. G. Forbes, Chief Electrical Engineer in Mysore.

No. G. 12534—*Mily.* 121-38-8, *dated* 12*th June* 1939.

Competitive Examination for entry to the Indian Military Academy, Dehra Dun, and the Royal Indian Navy to be held in October 1939.

The following notice, dated the 13th May 1939, issued by the Government of India, Defence Department, calling for applications for admission to the examination mentioned above is published for general information.

Candidates from the Mysore State who desire to appear at the examination are required to submit their applications with necessary documents to the Secretary to Government, General Department, on or before the 24*th June* 1939.

Each candidate for the examination for entry to the Indian Military Academy, Dehra Dun, who is eligible for, and desires a King Emperor Cadetship, should fill in, and submit a copy of the form of particulars relating thereto with the application.

A declaration by the parent or guardian of the candidate in the prescribed form should be submitted, if he is a candidate for the Royal Indian Navy Examination.

Copies of the rules, syllabus, application form, etc., can be had in the General Miscellaneous Branch of the General and Revenue Secretariat, Bangalore.

By Order,
J. APPAJI GOWDA,
Secretary to Government,
General Department

DEFENCE DEPARTMENT.

Simla, the 13*th May* 1939.

NOTICE.

No. 617.—A competitive examination for entry to (1) the Indian Military Academy, Dehra Dun, in the term beginning on or about 26th January 1940; and (2) the Royal Indian Navy, will be held in Delhi on Monday the 23rd October 1939, and subsequent days. The examination will be conducted by the Federal Public Service Commission.

2. The examination will be a combined one for the purpose of filling vacancies in the Indian Military Academy, and the Royal Indian Navy. A candidate may apply to be admitted to the examination for either or both of the above. If he wishes to be admitted as a candidate for more than one, he should state this on his application form. Separate applications are not required. He will be required to pay the application and examination fees once only. If he proves successful as a candidate for both, he will ordinarily be assigned to the one for which he expressed a preference in his application; but the Government of India reserve power to assign him to any one.

3. At this examination 15 vacancies will be offered for entry to the Indian Military Academy. The Governor-General in Council, however, reserves to himself the right to fill the last three vacancies by nomination from among those who have qualified but failed to obtain sufficient marks to secure one of the first twelve vacancies. Two vacancies will be offered for admission to the Executive Branch of the Royal Indian Navy.

4. The examination will be the same for all arms of the Indian Army, *i.e.*, Cavalry, Artillery, Signals, Engineers and Infantry. All candidates on joining the Indian Military Academy may volunteer to be considered for the technical arms, and will be given a test examination in Mathematics. Those who show a satisfactory standard of knowledge will be formed into a Preparatory Woolwich Wing during the first and second terms.

At the end of the second term the Commandant will select the cadets to form a Woolwich Wing.

5. Candidates for admission to the Indian Military Academy must have been born not earlier than the 2nd November 1919 and not later than the 1st November 1921. Candidates for the Royal Indian Navy examination must have been born not earlier than the 2nd May 1920 and not later than the 1st May 1922. These age limits can in no case be relaxed.

6. A candidate who desires to appear at the examination is required to submit to the Federal Public Service Commission his application in the prescribed form with the necessary documents in accordance with the instructions given on that form. Applications must reach the Collector or Deputy Commissioner or the Political Officer or Resident or the Political Officer or Regent or the Principal, Prince of Wales' Royal Indian Military College, Dehra Dun, on or before the 1st July 1939. Copies of the rules and the application form, etc., may be obtained from the Provincial Government, Administration or Durbar concerned.

THE FACT THAT AN APPLICATION FORM HAS BEEN SUPPLIED, ON WHATEVER DATE, WILL NOT BE ACCEPTED AS AN EXCUSE FOR THE LATE SUBMISSION OF AN APPLICATION. CANDIDATES WHO DELAY THEIR REQUESTS FOR FORMS UNTIL A LATE DATE WILL DO SO AT THEIR OWN RISK.

7. Applications should be sent by registered post. If a candidate fails to register his application, he does so at his own risk. If a candidate desires an acknowledgment, he should also send his application "registered, acknowledgment due."

Note.—If any candidate has appeared at the examination held in March/April 1939, for entry to the Indian Military Academy or the Royal Indian Navy, and, not being successful thereat, wishes to appear at the examination to be held in October 1939, he must submit his application by the prescribed date without waiting for the results of the former examination. Should he have been successful, his candidature for the October examination will be cancelled.

C. MacI. G. Ogilvie,
Secretary to the Govt. of India.

DEVELOPMENT SECRETARIAT

Circular No. D. 10015—*Geol.* 67-38, *dated* 16—24*th May* 1939.

Rules under the Mysore Explosives and Petroleum Acts.

Accidents by explosives.—Government are constrained to observe that owing to the non-observance of the rules and proper precautions prescribed under the Mysore Explosives Rules fatal and serious accidents continue to occur in the manufacture of gunpowder and fireworks. Government consider that the District authorities can prevent the occurrence of such accidents by insisting on the licensees manufacturing explosives in the specified places and observing the safety distances and the quantity limits prescribed in their licenses *vide* conditions 4, 12 and 13 of License Form A, Mysore Explosives Rules, which are quoted below:—

License Form A.

Condition 4.—(1) The explosive shall be manufactured in a tent or lightly constructed building exclusively appropriated for the purpose and separated from any dwelling house, highway, street, public thoroughfare or public place by the distance.

(*a*) in the case of gunpowder or smallarm nitro-compound, of one hundred yards or

(*b*) in the case of an explosive of the 1st Division of the 6th (Ammunition) Class, or of the 7th Firework) Class, of 50 yards.

Condition 12.—(1) The explosives possessed by the licensee shall be kept in one or other or both of the following modes:—

Mode A, that is to say, in a building or excavation, which is detached from any dwelling house and is separated by the distances prescribed in condition No. 4 from any highway, street, public thoroughfare or public place, and is made and closed so as to prevent unauthorised persons from having access thereto and to secure it from danger from without, and is exclusively appropriated to keeping explosives; and

(*a*) such a building must be substantially constructed of brick, stone or concrete or must be a securely constructed fire proof safe; and

(*b*) such an excavation must be formed in solid rock, or earth, or in mine refuse not liable to ignition and must not open into, from or out of any mine, quarry, tunnel or underground place which is in use for the carrying on of any work or for the employment of any person.

Mode B, that is to say, in a substantial receptacle (whether or not a fireproof safe) which is closed and secured so as to prevent unathorised persons from having access thereto, and is exclusively appropriated to the keeping of explosives, and is placed inside a dwelling house, or inside a building which is not itself qualified for the keeping of explosives in Mode A:

(2) A fireproof safe shall not be used for the keeping of any explosive other than gunpowder or small-arm-nitro-compound and cartridges of the 2nd Division of the 6th (Ammunition) Class (not containing their own means of ignition) and made with gunpowder or small-arm-nitro-compound, such as cartridges or charges for cannon or blasting purposes.

Condition 13.—The maximum quantity of explosives allowed to be kept at the same time shall be the following :—

(1) If the only explosive kept be one or more of the following, namely :—
(*a*) gunpowder ;
(*b*) small-arm-nitro-compound ; or
(*c*) ammunition of the 1st Division of the 6th class, the maximum shall be—

	In Mode A	In Mode B
	lbs.	lbs.
Gunpowder and small-arm-nitro-compound in all	Two hundred	Fifty
and in addition, of explosives contained in ammunition of the 1st Division of the 6th Class.	Any quantity	Any quantity

(2) If the only explosive kept be manufactured fireworks, the maximum shall be

Manufactured fireworks	Two hundred	Fifty

(3) in any other case the maximum shall be—

	In Mode A	In Mode B
	lbs.	lbs.
Mixed explosives, including gunpowder, small-arm-nitro-compound and manufactured fireworks, etc., in all	Sixty	Fifteen
and in addition, of explosives contained in ammunition of the 1st Division of the 6th Class.	Any quantity	Any quantity

Provided that in each of the three cases above mentioned the aggregate quantity kept on the premises in Mode A and Mode B together may not in any case exceed the maximum quantity which may be kept in Mode A.

It is evident that little attention is paid to these points and the manufacture, possession and storage of quantities of fireworks grossly in excess of that which may legally be possessed is resorted to by some licensees. Even under temporary permits granted under *Rule 59*, Mysore Explosives Rules, for the storage of larger quantities of explosives than are allowed by the licensees, the explosives should be stored in accordance with the conditions above quoted.

A large number of accidents by fireworks are attributable to unsafe and unduly sensitive mixtures composing fireworks. While grinding together the ingredients of the firework composition, an explosion occurred and all of them sustained very serious injuries to which they succumbed the next day. In spite of the attention drawn by Government to the highly dangerous character of a mixture, of potassium chlorate and arsenic sulphide, this mixture, the manufacture, possession or importation of which is prohibited by Government—*vide* Government Notification No. D. 2814 Geol. 66-28-25, dated 9th September 1930—is widely used by fireworks manufacturers and the lay public alike. It should be made known to all that the use of potassium, sodium and barium chlorates in the manufacture of fireworks is strictly prohibited. The licensing and the inspecting officers should exercise vigilant supervision and take stringent action against delinquents to prevent loss of life and limb from this cause.

Filling petrol from Kerbside Pump Outfits into tins and drums.—The common practice of filling petrol from kerbside pump outfits into tins and drums on the road-side is highly dangerous and constitutes a breach of condition 1 of License Form Q, Mysore Petroleum Rules. Licenses in Form Q issued for the storage of dangerous petroleum in underground tanks for fuelling motor conveyances, place very few restrictions on the location and use of

the pumps but this freedom could only be justified if the conditions governing the operation of the pumps as embodied in the licensees are strictly adhered to. The conversion of the public road into a filling shed by permitting the filling of drums and tins and other receptacles at a kerbside pump should be stopped. Under the Rules, filling of petrol cans is permitted only when the can is clamped to a motor vehicle. For the convenience of motorists, holders of pump licenses may keep up to 20 sealed petrol cans in their Bunks by taking out a separate license therefor in Form C of the Mysore Petroleum Rules.

The refuelling of buses containing passengers is strictly prohibited and while petrol is being filled, all the passengers must be made to get out of the bus. To avoid this inconvenience to passengers, the buses should be refuelled either at the beginning or at the end of their run.

All officers entrusted with the administration of the Explosives and Petroleum Rules are requested to take immediate steps to put a stop to the dangerous and unlawful practices referred to above and to get the offenders punished according to law.

DEVELOPMENT SECRETARIAT

Circular No. D. 10015—*Geol.* 67-38, *dated* 16—24*th May* 1939.

Rules under the Mysore Explosives and Petroleum Acts.

Accidents by explosives.— Government are constrained to observe that owing to the non-observance of the rules and proper precautions prescribed under the Mysore Explosives Rules fatal and serious accidents continue to occur in the manufacture of gunpowder and fireworks. Government consider that the District authorities can prevent the occurrence of such accidents by insisting on the licensees manufacturing explosives in the specified places and observing the safety distances and the quantity limits prescribed in their licenses *vide* conditions 4, 12 and 13 of License Form A, Mysore Explosives Rules, which are quoted below:—

License Form A.

Condition 4.—(1) The explosive shall be manufactured in a tent or lightly constructed building exclusively appropriated for the purpose and separated from any dwelling house, highway, street, public thoroughfare or public place by the distance.

(*a*) in the case of gunpowder or smallarm nitro-compound, of one hundred yards or

(*b*) in the case of an explosive of the 1st Division of the 6th (Ammunition) Class, or of the 7th Firework) Class, of 50 yards.

Condition 12.—(1) The explosives possessed by the licensee shall be kept in one or other or both of the following modes:—

Mode A, that is to say, in a building or excavation, which is detached from any dwelling house and is separated by the distances prescribed in condition No. 4 from any highway, street, public thoroughfare or public place, and is made and closed so as to prevent unauthorised persons from having access thereto and to secure it from danger from without, and is exclusively appropriated to keeping explosives; and

(*a*) such a building must be substantially constructed of brick, stone or concrete or must be a securely constructed fire proof safe; and

(*b*) such an excavation must be formed in solid rock, or earth, or in mine refuse not liable to ignition and must not open into, from or out of any mine, quarry, tunnel or underground place which is in use for the carrying on of any work or for the employment of any person.

Mode B, that is to say, in a substantial receptacle (whether or not a fireproof safe) which is closed and secured so as to prevent unathorised persons from having access thereto, and is exclusively appropriated to the keeping of explosives, and is placed inside a dwelling house, or inside a building which is not itself qualified for the keeping of explosives in Mode A:

(2) A fireproof safe shall not be used for the keeping of any explosive other than gunpowder or small-arm-nitro-compound and cartridges of the 2nd Division of the 6th (Ammunition) Class (not containing their own means of ignition) and made with gunpowder or small-arm-nitro-compound and

Condition 13.—The maximum quantity of explosives allowed to be kept at the same time shall be the following :—

(1) If the only explosive kept be one or more of the following, namely :—

(*a*) gunpowder ;

(*b*) small-arm-nitro-compound ; or

(*c*) ammunition of the 1st Division of the 6th class, the maximum shall be—

	In Mode A	In Mode B
	lbs.	lbs.
Gunpowder and small-arm-nitro-compound in all	Two hundred	Fifty
and in addition, of explosives contained in ammunition of the 1st Division of the 6th Class.	Any quantity	Any quantity

(2) If the only explosive kept be manufactured fireworks, the maximum shall be

Manufactured fireworks	Two hundred	Fifty

(3) in any other case the maximum shall be—

	In Mode A	In Mode B
	lbs.	lbs.
Mixed explosives, including gunpowder, small-arm-nitro-compound and manufactured fireworks, etc., in all	Sixty	Fifteen
and in addition, of explosives contained in ammunition of the 1st Division of the 6th Class.	Any quantity	Any quantity

Provided that in each of the three cases above mentioned the aggregate quantity kept on the premises in Mode A and Mode B together may not in any case exceed the maximum quantity which may be kept in Mode A.

It is evident that little attention is paid to these points and the manufacture, possession and storage of quantities of fireworks grossly in excess of that which may legally be possessed is resorted to by some licensees. Even under temporary permits granted under Rule 59, Mysore Explosives Rules, for the storage of larger quantities of explosives than are allowed by the licensees, the explosives should be stored in accordance with the conditions above quoted.

A large number of accidents by fireworks are attributable to unsafe and unduly sensitive mixtures composing fireworks. While grinding together the ingredients of the firework composition, an explosion occurred and all of them sustained very serious injuries to which they succumbed the next day. In spite of the attention drawn by Government to the highly dangerous character of a mixture, of potassium chlorate and arsenic sulphide, this mixture, the manufacture, possession or importation of which is prohibited by Government—*vide* Government Notification No. D. 2814 Geol. 66-28-25, dated 9th September 1930—is widely used by fireworks manufacturers and the lay public alike. It should be made known to all that the use of potassium, sodium and barium chlorates in the manufacture of fireworks is strictly prohibited. The licensing and the inspecting officers should exercise vigilant supervision and take stringent action against delinquents to prevent loss of life and limb from this cause.

Filling petrol from Kerbside Pump Outfits into tins and drums.—The common practice of filling petrol from kerbside pump outfits into tins and drums on the road-side is highly dangerous and constitutes a breach of condition 1 of License Form Q, Mysore Petroleum Rules. Licenses in Form Q issued for the storage of dangerous petroleum in underground tanks for fuelling motor conveyances, place very few restrictions on the location and use of the pumps but this freedom could only be justified if the conditions governing the operation of the pumps as embodied in the licensees are strictly adhered to. The conversion of the public road into a filling shed by permitting the filling of drums and tins and other receptacles at a kerbside pump should be stopped. Under the Rules, filling of petrol cans is permitted

only when the can is clamped to a motor vehicle. For the convenience of motorists, holders of pump licenses may keep up to 20 sealed petrol cans in their Bunks by taking out a separate license therefor in Form C of the Mysore Petroleum Rules.

The refuelling of buses containing passengers is strictly prohibited and while petrol is being filled, all the passengers must be made to get out of the bus. To avoid this inconvenience to passengers, the buses should be refuelled either at the beginning or at the end of their run.

All officers entrusted with the administration of the Explosives and Petroleum Rules are requested to take immediate steps to put a stop to the dangerous and unlawful practices referred to above and to get the offenders punished according to law.

No. D. 10343—*I. & C.* 354-38-2. *dated 27th May—9th June* 1939.

In supersession of Government Notification No. D. 964—I. & C. 128-26-14, dated the 25th July 1928, and in exercise of the powers vested in them under the provisions of Section 10 (1) of the Mysore Factories Act I of 1936, the Government of His Highness the Maharaja of Mysore are pleased to appoint the Superintendents of Industries, Mysore, Bangalore and Shimoga Divisions, as Inspectors of Factories (in addition to the District Magistrates who are statutory Inspectors of Factories within their Districts) for the areas within their respective jurisdictions and to vest them with power to administer all the provisions of the Act.

2. Under Section 10 (2) of the Act, the Director of Industries and Commerce is appointed Chief Inspector of Factories with jurisdiction over the whole State and empowered to administer all the provisions of the Act. He is further appointed the appellate authority to hear appeals under Section 31 of the Act.

No. D. 10375—*I. & C.* 354-38, *dated 27th May—9th June* 1939.

In continuation of the undermentioned Notifications appointing certain officers under the Mysore Factories Act No. I of 1936 and defining their jurisdiction, etc., and in exercise of the powers conferred by Section 10(6) of the Act, the Government of His Highness the Maharaja of Mysore, are pleased to declare that the several classes of Inspectors of Factories appointed, shall respectively exercise the powers specified below :—

No. D. 10343—I. & C. 354-38-2, dated 9th June 1939.
No. D. 10359—I. & C. 354-38-3, dated 9th June 1939.
No. D. 10389—I. & C. 354-38-5, dated 9th June 1939.
No. D. 10403—I. & C. 354-38-6, dated 9th June 1939.

1. The Superintendents of Industries of Mysore, Bangalore and Shimoga Divisions will be the Technical Inspectors of Factories and will be empowered to administer, within their respective jurisdictions all the provisions of the Act.
